## Description

An absolute unique and luxury sea views mansion with 6 bedrooms, 5 bathrooms, approximately 10.000 sqm of land overlooking and facing the sea. Hard to describe such an amazing villa set in a beautiful mature exotic garden and located beside / within several nice beaches, in front of the marina, the internationally well known and bustling fisher tourist hot-spot Nazare and the world heritage town of Alcobaca. With unique features in terms of quality, design, concept, location, unique unspoiled views and privacy, this property offers the exclusive touch which is our-days so hard to find, especially considering the fact that all over Europe the seafront constructions are more and more expensive and hard to find due to the restrictive laws about seafront and seaside constructions and developments. An opportunity to have something really unique with stunning sea views, close to the best restaurants and nice bars in an area of good ambience and peaceful neighborhood all over the year. Chose the best - this is certainly the one!
